CALIFORNIA TO NAME WINNER

BIG LEAD OF DEMOCRATS WIPED OUT

Control of House Still in
Doubt—Miss Rankin of
Montana Probably
Defeated.

(Special to The Herald).
New York, Nov. 9, 11 a. m.—The
U. S. senate is Democratic as indi-
cated by the revised figures which at
10 o'clock today showed: Democrats,
61; Republicans, 42. These figures are
based upon the probable fact that
Littecock of Nebraska who was at
first thought to have been defeated,
will win out. Also, A. A. Jones, for-
mer assistant secretary of the inter-
ior, and J. B. Kendrick of Wyoming
may be defeated.

Control of the house was still in
doubt today. The outstanding fact was
that the Democratic lead of the last
house has been practically wiped out.
From the latest returns, the indica-
tions are that the house will be as
follows: Democrats 213; Republicans
218; Prohibition 1; Protectionist 1;
Independent 1; Socialist 1; doubtful 2.
In the case of the Socialist vote,
Myer London, of New York, declared
re-elected; his Democratic opponent
declared that he will ask a recount
and the figures will not be available
for a few days.

The doubtful districts are in Penn-
sylvania where the decision there will
rest upon the soldiers' vote on the
border.

Representative William A. Colby of
McKeenport, Republican, was elected
by a majority of 21 and his Demo-
cratic opponent claims that the sol-
diers vote will elect him. Representa-
tive A. J. Barefield, Republican, de-
feated by 19 votes, has the same claim
to make.

Miss Jennette Rankin of Missouri,
Montana, who claims to have been

AMERICAN SHIP WAS SHELLED

Because She Refused to Stop
—Believed the Columbia
Escaped.

(Special to The Herald).
Madrid, Nov. 9.—The American
steamship Columbia, which was
shelled off this coast by a German
submarine, was attacked after it had
disregarded signals to stop. The Col-
umbia is believed to have escaped.
The ship, which was on her way to
Genoa, carried no passengers, but
there were a number of American
horsemen on board.

FULLER WINS FOR CONGRESS

Rye Beach Summer Visitor
Beats Roberts.

One of the pleasing results of the
election in Massachusetts was the vic-
tory of Alvan T. Fuller of Rye and
Boston for Congress. He ran against
Congressman Roberts and made a clean
fight, winning by some two thousand.
He has hosts of friends here where he
spent his summers. The Herald man
enjoyed a chat with him this noon at
his beautiful residence in Rye where
he will remain several days. He has
a large following in Massachusetts and
his victory has caused a sensation.

CASE STILL IN PROGRESS

The case of the Nutfield Savings
bank of Derry vs. Rockingham
bank of Derry vs. Rosecrans W. Pills-
bury of Londonderry, is still in pro-
gress in the superior court today.

SIX NEW STATES SWING TO THE DRY COLUMN

Michigan, Nebraska, South
Dakota, Montana, Utah,
Florida Added to the
List.

Chicago, Ill., Nov. 9.—A survey of
the election returns from all over the
country, shows in bold relief the fact
that more than one-half of the states
in the country are dry or will be dry
as soon as the prohibition law and the
officials elected at Tuesday's election
get into office and can put in opera-
tion the law. More than 75 per cent
of the U. S. has banned the sale of
liquor under the cloak of legality.

Tuesday, November 7, 1916 saw
the greatest victory for prohibition
in the history of the country, despite
the fact that Hanley, the prohibition
candidate for president was snared
under. Six new states swung into the
dry line including Michigan, Nebras-
ka, South Dakota, Montana, Utah and
Florida.

FLORIDA ELECTS A PROHIBITION GOVERNOR

Washington, Nov. 9.—Returns from
Florida indicate that S. J. Catts, in-
dependent, prohibition candidate for
governor, has been elected. With re-
turns in from more than half of the
voting places, he has the following
vote: Catts, 22,231; W. N. Knott,
Democrat, 10,090.

MAY GO TO JURY THIS AFTERNOON

The case of the Whitefield Manu-
facturing Company against the Mor-
ris Leather Company of Chicago,
which was resumed before Judge Itala
in the U. S. district court on Wed-
nesday, is expected to go to the jury
this afternoon.

NEW HAMPSHIRE SWINGS TO WILSON BY 131 VOTES

The Electoral Vote at 2 P. M., Not In-
cluding California, is Wilson 260,
Hughes 258

New York, Nov. 9.—California will decide the presidential
election of 1916. If the claims of the Democratic national
committee are true that Wilson has a plurality in that state, he
has been re-elected. If the state goes for Hughes as the Re-
publicans say that it will go when the final vote is obtainable,
the Republican candidate will be elected. New Hampshire has
gone definitely for Wilson, the complete count showing that
the Democratic electors have a plurality of 131. Republican
national headquarters admit this, although there is talk of a
recount. The fact that the election machinery was in charge
of Republicans is held to indicate that a recount would not
give much relief. North Dakota has apparently gone for
Wilson, although the Republicans still hold it as doubtful.
With New Hampshire and North Dakota in the Wilson list he
now has 260 electoral votes, lacking but six to elect. Should
he carry California he would win out, to lose it he will be
defeated.

Concord, Nov. 9.—With all the towns
in unofficially, Wilson has carried the
state by 131. It is conceded that this
will be substantiated by the official
count. It may be that the vote of this
state will decide the winner. All kinds
of rumors are afloat but Republican
leaders feel that the state is lost.

North Dakota for Wilson
Bismark, N. D., Nov. 9.—Returns
from 1517 out of 1859 gives Wilson
90,519; Hughes 49,972.

Minnesota for Hughes
St. Paul, Minn., Nov. 9.—Republican
headquarters at 9:30 this morning
claimed to have figures complete from
twenty counties in the state which
show Hughes leading by 1,101.

Hughes Safe in Oregon
Portland, Oregon, Nov. 9.—Returns
from every county but one in Oregon
gives Hughes a lead of 7,772. The last
available figures were: Hughes 106,-
589; Wilson 99,628.

At 11 a. m. Result Still in Doubt
New York, Nov. 9.—The result of
Tuesday's election still hangs on a
thread. President Wilson has appar-
ently a lead at 8 o'clock this morning
and at that hour he seems surely in
possession of 251; Hughes 247. The
Democrats claim that there will be a
recount in West Virginia and New
Hampshire where on the face of the
returns the Republican candidate has

lead. The votes of California, North
Dakota, New Mexico and Minnesota
are still in doubt. Wilson has a lead
in California where the ballot boxes
are under guard, as is also the case
in North Dakota. In Minnesota Mr.
Hughes is leading and apparently has
a safe position.

The Situation in California
San Francisco Nov. 9.—With no fur-
ther returns from Los Angeles county,
where a number of precincts are ex-
pected to return a large Hughes plu-
rality, but with additional returns
from the up state counties, which
went strong for Wilson, the Presi-
dent at 8:30 this morning, apparently
has established a lead of 4,000. Unof-
ficial figures from 5355 out of 6971
gives Hughes 435,641; Wilson 440,-

720, making the lead of Wilson 4079.
Wilson Takes Lead in North
Dakota

Fargo, N. D., Nov. 9.—President
Wilson was leading Hughes by 752 in
the returns at 11 o'clock of 1887 out
of 1889 precincts. The revision of a
batch of returns have caused Wilson
a slight loss. The figures are Wilson
61,474; Hughes 60,722.

Hughes Wins Oregon
Portland, Oregon, Nov. 9.—In com-
plete returns at 9 o'clock from all
counties gives Hughes 105,369; Wil-
son 91,576.

New Hampshire News Causes Rejoicing

Shadow Lawn, N. J., Nov. 9.—Sec-
retary Tumulty has received a tele-
gram from Senator Hollis of New
Hampshire that the Granite State has
gone for Wilson by 93 votes. This
caused great rejoicing here as it
leaves the President with but Cali-
fornia needed to be assured of re-
election.

Suffrage Wins North Dakota

New York, Nov. 9.—The announce-
ment was made this forenoon at the
National headquarters of the
Women's Suffrage League, that North
Dakota had adopted the suffrage
amendment. West Virginia is still in
doubt.

Hughes Leading Wilson

St. Paul, Minn., Nov. 9, 2 p. m.—At
this hour Hughes is leading Wilson
by 811. With 314 precincts still to be
heard from Hughes has 173,308; Wil-
son 171,497.

Cutting Down the Lead

San Francisco, Nov. 9, 2 p. m.—Fur-
ther returns from scattering pre-
cincts, principally in the south where
the Hughes vote is the strongest, re-
duced the Wilson lead to 3,692. The
vote in 6554 out of 6917, is Hughes
437,026; Wilson 450,719.

YOUNG BRITT WON MATCH OVER STANLEY OF NEW YORK

Frank (Young) Britt of New Bedford, Mass., was given the decision over Joe Stanley of New York in a ten-round mill before the fans of the Rockingham A. C. last evening, after a hard battle. Britt appeared to have had several points on the Gotham scrapper and easily out-reached him, but with all the science at his command he was unable to pierce through the guard of his opponent and deliver the K. O. that he seemed trying for. Stanley cut up a clever scrap, taking all that was coming to him without making any cry, and giving the best exhibition of gameness seen in the local ring for some time. Britt did the greater part of the leading and throughout the majority of the rounds was able to land almost at will on Stanley. Britt had steam, science, and strength to take punishment, and at the end of the mill, as Referee Phil Schlossberg held up Britt's glove, the New Bedford fighter was as fresh and as free from marks as when he stepped into the squared circle.

Stanley never showed any indication of quitting and, came back for more pounding with each succeeding round. He was not used up to any extent, his crouch and clever defensive preventing many of the blows from reaching home. The decision was a popular one to the fans and the scrap was fast from the first bell until the end of the fight. The bout was fast and gave the fans nothing but satisfaction.

One Fast Prelim

In the preliminary bout Battling Brooks of Dover was given the decision over Knockout Tibbets of Biddeford, Me., in a fast four-round battle. There was sufficient action, as there usually is in the Rockingham A. C.

prelims, to satisfy the most exacting and both youngsters proved to be hard willing, scrappy workers. Brooks shaded the Maine State youngster throughout the action and his decision over his opponent was not contested or "decided by" the fans, all being apparently satisfied that they had seen the proper verdict to a fast interesting battle.

Ex-Navy Champ Lost Out

In some ways the fans were disappointed in the semi-final, not in the lack of action, but because Scotty Coyne, former bantam-weight champion of the navy, was not in the proper condition to do justice against Stevie Travers of Biddeford. Coyne was one of the best in his class, pro or amateur, but he had been out of the game for several years, and his condition was far from being what it was a few years ago. He put up, for the first time, the fastest little battle seen here for several seasons, and his science and skill had Travers working his head off to get in the sleep-making punch. He had no chance and it is the opinion of many of the fans that with a few less years in the battle with Father Time Coyne would have laughed at Stevie. Travers fought a clean little scrap and with the exception of the first round he had his opponent at his mercy, as far as one could tell. Coyne, in the first round, certainly put up a patch of an exhibition of boxing.

All three rounds were good and the Rockingham A. C. management again proved willing to give the fans the right kind of a card if they wanted good boxing. Phil Schlossberg, former champion of the navy, officiated in his regular first-class style, as the third man in the ring.

WAR DECLARED BETWEEN THE BASEBALL MAGNATES

New York, Nov. 8.—All of our best known little baseball leaders right now are busily engaged in picking quarrels with each other. Any war clouds hover lower and lower while the battlers whet their Bowie knives and prepare for cutting action.

Diplomatic relations already have been severed in many parts and unless some roof domed gent hops into the several branches in the ranks of organized baseball, and does it very quickly, civil war will result. The out come will be disastrous for the game and will knock out the bulge from the bankrolls of the magnates.

It would seem that the baseballers didn't have their battle just sufficiently saluted when the squashed the Feds. They want more of it. Oh, a great deal more. There being no out-laws to fracas with, they now are rushing around squabbling among themselves.

And meanwhile, the Dove of Peace, poor thing, is all cut and bruised, minus many of its staff feathers and suffering the extraction of more with each dying day.

Ban Johnson and John Tener are all a-sorts points. Barney Dreyfuss is gunning for his associate of many years—Garry Herrmann—and yearns to kick the present national commission into the scrap heap. Several of the magnates have formed intense dislikes for each other and hardly speak as they sit by. The minor leaguers claiming the big fellows never have given them a really fair show, and are breathing threats to cut loose from the ties that bind them to dr-

ganized baseball.

And looming in what you might call the offing is Dave Fultz, guardian angel for the ball players. Dave, too, despite his peaceful calling has limbed some of the battle spirit and his decks are cleared for action.

Relations between Ban and Johnny have reached a point where the services of an ambulance corps would seem necessary, should they meet in the near future. Ban is peeved at the way Johnny is conducting the National league manoeuvres and John has enjoined Ban to "go wash your own dirty linen." The American League proxy retorts with utterances indicating that he believes John is a "shinie" as a league president and John has answered the salute by intimating that Ban isn't such a smooth and that he should mind his own business.

And then there's Barney Dreyfuss, of Pittsburgh, rushing around with several clubs on his shoulder blades, daring Garry to knock 'em off, and declaring if Garry won't, he (Barney) will call out the militia, anyway. Barney has concluded that the present form of national commission is a joke and that Garry is the funniest part of it all. He wants Garry ousted from his chairmanship job, which nets Herrmann \$12,000 a year, but Garry is opposed to the scheme. \$12,000 you know goes a long way toward purchasing champagne for even the thirstiest of men.

Barney, perhaps, is seeking a bit of revenge. Garry, y' no, "ouches" Barney out of George Blaser, by grabbing the collegian while he was in Pittsburgh territory and forward passing him to the American League. But whether it is revenge or not doesn't alter the fact that Barney has heaps of backing in the scheme to sack Garry out of his fat job. Garry out of his nice fat job.

After suffering the slings and arrows of outrageous fortune, as dispensed by the naughty major leaguers, the small fellows have decided to get a new deal or quit holding hands with the American and National Leaguers. For a year or more they have been muttering threats of revolt. And the National Commission merely has snuffed at them. But they'll do other than snuff if the radicals get control of that minor league meeting in New Orleans next week. All of which is more than likely.

The National commission has lorded it over the minor leaguers for years. The small folks have had to be satisfied with what terms the commission felt like making.

Now they have decided to represent action in that body or a guarantee of justice in future dealings, or something is going to bust. And the commission is likely to smother the foundations of organized baseball.

Meanwhile the players anxious to know where they are going to get off—or one detailed one David Fultz, who presides for their Fraternity, to hover close to the battle zone. But Dave hasn't this hawking business. He wants to be in the thickest of the fighting. And so he has loaded up his little howitzer, jammed his cullens into po-

sition for instant action, and announced: "Let 'em touch one hirsute growth on a ball player's knob and by the hokus-hokus I'll mess 'em up."

TIMELY LECTURE ON REVIEW OF WAR TO DATE

PROF. WHORISKEY OF STATE
COLLEGE TO SPEAK THIS
EVENING BEFORE THE
TEACHERS' ASSOCIATION

In view of the issues involved in the election just held the Portsmouth Teachers' Association offer a lecture in the High School Hall this evening which will likely prove of vital importance to a great many people of the city.

Professor Richard Whoriskey of the modern language department of New Hampshire State College will deliver "A Review of the War to Date."

Professor Whoriskey will discuss the European conflict from its origin, paying particular attention to the important battles on both land and sea. His lecture will be illustrated by a set of colored maps giving the approximate lines up-to-date.

It is expected that a large audience, especially of business men, will hear the talk as Prof. Whoriskey has talked here in the past to appreciative audiences.

The Teachers' Association has extended an invitation to the public to attend the lecture, to which no admission is charged, and a special invitation has been extended to the members of the Board of Instruction.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If cross, feverish, constipated,
give "California Syrup
of Figs."

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

AMERICAN SHIP REPORTS BEING UNDER SHELL FIRE

Wireless Call for Help From the Colombian Received at London—Arabia Torpedoed Without Warning.

London, Nov. 8.—The American-Hawaiian steamship Columbia of 8,579 tons gross, is sending out wireless telegraphy calls for help, stating that she is being shelled by a submarine.

The steamship Columbia sailed from New York Oct. 18, and Boston Oct. 21, bound for Genoa. The vessel touched at St. Nazaire, France, on Nov. 3, leaving that port the following day for Italy. The Columbia was built at San Francisco in 1907 and is owned by the American-Hawaiian Steamship Company of New York.

No Warning to Arabia

London, Nov. 8.—The Peninsular & Oriental line steamship Arabia, which was sunk by a submarine, was torpedoed without warning, the admiralty announced today. All the 437 passengers, including 169 women and children were saved.

Two members of the crew are believed to have lost their lives.

The admiralty announcement follows:

"The homeward-bound Peninsular and Oriental mail steamer Arabia was torpedoed without warning and sunk in the Mediterranean about noon on Nov. 6. The vessel had 437 passengers, including 169 women and children.

"All the passengers were saved by the various vessels which were diverted to the scene of the disaster. Two engines are missing, and are believed to have been killed by the explosion. The remainder of the crew were saved."

A despatch from Paris last night reported the sinking of the Arabia, a vessel of 7,953 tons gross. She was last board-

reported bound from Sydney, New South Wales, Sept. 30, for London, sailing from Adelaide on Oct. 6.

The Arabia was a twin-screw steamship of 7,953 gross tonnage, built at Greenock by Caird & Co. with her sister ships, Egypt and Persia, for the Bombay passenger and mail service, via the Suez Canal. She was reported bound from Sydney, New South Wales, Sept. 30 for London, sailing from Adelaide on Oct. 6, Gibraltar and Marseilles are ports of call for the line.

The Arabia was 490 feet 7 inches long, 64 feet 3 inches beam, and 24 feet 6 inches depth of hold. She had a speed of seventeen knots, and was commanded by Captain A. H. Palmer. The Peninsular & Oriental Steam Navigation Company carry white officers and engineers, Lascar seamen, and Seedy boys, negroes from the west coast of Africa, as firemen, with white men and East Indian Portuguese in the steward's department. She would carry about 250 of a crew all told.

The Arabia was homeward bound from Australia, having passed Suez on Nov. 2.

The official report announcing the rescue of the passengers was a great relief to the people of England, who generally knew of the sinking of the vessel yesterday. At that time rumor gave credence to the report that the loss of life had been very heavy. The Peninsular and Oriental Company has no list of the passengers on the Arabia and consequently is unable to say whether there were any Americans on board.

VERMONT FOR HUGHES BY 16,000 VOTES

Durlington, Vt., Nov. 8.—Revised and nearly complete returns from yesterday's election in Vermont show that Charles F. Hughes carried the state by a plurality of approximately 16,000. With the exception of the election in 1912, when the Progressive party cut in half the normal Republican vote, the plurality given the Republican presidential candidate was the smallest since the organization of the party in 1855.

Although the total vote of Hughes and Wilson has been exceeded only a few times, Horace E. Graham, Republican gubernatorial candidate, triumphed over his Democratic opponent, William B. Mayo, by a plurality exceeding 28,000.

With all but 20 small and isolated towns of the 116 cities and towns in the state heard from early today, the vote was: Hughes, 38,990; Wilson, 23,175. For Governor, the same places gave Graham, Republican, 40,056; Mayo, Democratic, 14,674.

United States Senator Carroll S. Page was re-elected by a plurality of

about 30,000 over Oscar C. Miller, and the two congressmen, Frank I. Greene and Porter H. Dale, Republicans, were returned to Congress by large majorities.

The Legislature will have a Senate without a Democrat among the 39 members. With 27 constituencies unreported, the House of Representatives will contain 159 Republicans and 39 Democrats.

NEW PARALYSIS CASES DOWN TO 11; THREE IN HUB.

WILSON DECIDES NOT TO SIT UP FOR FINAL NEWS

Long Branch, N. J., Nov. 8.—Do spurring of receiving final returns tonight, President Wilson retired at 11:10 o'clock. He left word that he was to be awakened if any thing really definite was received.

Secretary Tamm and other officials planned to remain up until midnight at least. The President was uncertain whether he had been elected or not, although his campaign managers were claiming a majority in the electoral college.

President Wilson scanned returns from Minnesota, California, New Mexico, Oregon and New Hampshire closely tonight because of assurances from his campaign managers that the final outcome depended on those states.

Following an automobile ride and golf game before luncheon, he remained in his study at Shadow Lawn this afternoon and tonight, getting the returns by telephone from Secretary Tamm who had been on guard at the executive offices since six o'clock last night.

Oskar Alchel, the young son of Mr. and Mrs. Oskar G. Alchel of Middle street is reported as being as comfortable as can be expected after the injuries he received on Tuesday afternoon.

MAINE FOR HUGHES BY 4821 VOTES

Portland, Nov. 8.—Maine's plurality for Hughes and Fairbanks stood at 4821 early today, when returns had been received from all except 81 small precincts which have a total vote of only about 4000. Justice Hughes had 67,013 and President Wilson 62,192 out of a total vote estimated at 129,000. The missing places four years ago gave Taft and Roosevelt 2181 and Wilson 1200.

This Ad. is for You

Do you know why I am spending all this money in advertising LORD SALISBURY Cigarettes?

Why it's simply to induce YOU to try them. That's all that advertising can do. It can't make you like them. Your own taste has got to decide that.

But I'm just nervy enough to believe that if you try them once, you'll buy them twice.

Now listen! This is all I'm going to say: The LORD SALISBURY Cigarette is the first and only 100 per cent pure all-Turkish tobacco cigarette to sell for as little money as 15 cents for 20.

There is no other 100% pure all-Turkish tobacco cigarette on the market that sells for less than a penny apiece.

Consequently—the LORD SALISBURY saves you 25 per cent on your cigarette bill, and gives you quality and quantity.

That's positively enough reason why you should try this cigarette immediately.

Cordially yours,

Grape-Nuts Flavor

Grape-Nuts food is probably the most appetizing form in which honest whole wheat is utilized as food.

But to whole wheat is added malted barley in making Grape-Nuts, and the sense of taste quickens at once when a spoonful of the food is eaten with cream. For the barley has a rich, individual taste which, blended with the sweetness of wheat, creates a rare flavor recognized by the palate as unusually new and delicious.

Aside from its wonderfully vitalizing value as a food, Grape-Nuts has a flavor that has made it a favorite everywhere.

"There's a Reason"

DE FACTO TROOPS.
RELEASE AMERICAN
El Paso, Tex., Nov. 9.—Albert Herold, the American who was arrested at Guadalupe, southeast of Juarez, on a charge of cattle stealing and sent to Chihuahua City by the military authorities, has been liberated, according to a message received by his friends here today. According to them Herold was sentenced to be shot. He now is on his way to the border. Herold was charged with having been a Villa officer at one time.

Wire For Electricity

The landlord or homeowner who has not wired for electricity is not only blind to his own or his tenant's comfort, but is missing a first class investment.

The electrically wired house brings a higher rental and sells quicker. Tenants are demanding wired houses and are willing to pay the price.

We will be pleased to assist you in laying out your house wiring, or we will have your wiring done and guarantee satisfaction. Eventually you will use electric light. Why not now?

A Lesson From Switzerland.

It should not be necessary for the United States to look to Europe to learn how to conduct any part of its business, and yet there are some things worth knowing to be learned from some of the countries of the Old World.

In the matter of unemployment and what is known in this country as the tramp evil a valuable lesson might be learned from Switzerland, where the government sees to it that men deliberately idle shall not be permitted to live on the community. There are employment agencies for the benefit of those who cannot obtain employment themselves, and these agencies mean business. They are not only ready to assist, but they are ready to compel, and men who would shirk the duty of providing for their families and themselves are taken in hand and set to work by the authorities. Loafing is not tolerated in Switzerland and begging is prohibited by law. The theory is that the man who is able to work and does not do so will sooner or later become a public charge, and the government sets its foot down firmly on idleness for which there is not a good reason. If a man cannot find work the government finds it for him and sees that he does it.

This is a very different condition from that which prevails in this country, which is supporting a vast army of idlers commonly known as tramps. These men wander about the country living on mistaken charity and by theft. There are certain laws designed to protect society against this nuisance and menace, but for the most part they are enforced feebly or not at all and the evil continues, in good times and in hard times.

Such a condition is not creditable to the country. These "knights of the road" who cannot give a proper account of themselves should be taken in hand by the authorities and compelled to earn their living. Very seldom is there a time when a man willing to work cannot find employment of some kind, and to permit idlers to roam the country, terrorizing women and living on the proceeds of those who toil, is all wrong. The Swiss way of dealing with willful unemployment may not be what is wanted here, but there should be some way to put an end to an evil from which the country has suffered too long. The evil will never remedy itself. If it is to be abolished the authorities and law makers must put their hands to the task in earnest. That it could be ended there is no doubt, and that it is time it should end there is no question.

The Treasury Department has decided that the new dimes shall go, initials and all. The initials of the designer are on the coin, and to this objection has been made, but Secretary McAdoo says they are "obscure and insignificant," and that settles it. That the initials in this connection are insignificant is certain, and that they are obscure is gratifying. The people of the United States do not want their coins converted into billboards in the interest of any "artist." For this reason it would be well in the future to omit all initials, whether obscure or not.

A coal dealer in a small eastern town is selling coal at \$7.50 a ton and says the price he is paying does not make it necessary to charge the greatly advanced prices that are being charged in most places. This man ought to be interviewed by the government officials who are looking into the matter of coal prices. If what he says is true there is a "nigger in the woodpile somewhere." And most of the people of the country are convinced that there is.

After all, there is one thing that we should not forget. These mighty prices we are paying for the necessities of life mean good times for the fellows who are producing and handling them. And when they get to spending their easy money some of it may find its way around to the rest of us. That is the philosophy that is demanding shorter hours and higher wages all the time.

France is said to be willing and anxious to cultivate trade relations with the United States. And in time all of the other countries, including Germany, will be equally willing and anxious to do the same thing. Human nature is going to be human nature after this cruel war is over, and it is human nature to trade where trading can be done to the best advantage.

The United Mine Workers of America are preparing to demand a seven-hour day. Just at this time the demand will not be popular with the coal consuming public, which is beginning to feel that it has yielded about enough to "conditions," and that it is about time that it should receive a little consideration itself.

Running the rats out of a ship has its dangers, according to a report that three carpenters have lost their lives by inhaling the fumes of chemicals used for this purpose on a ship that landed at Boston a few days ago.

It is announced that the price of Thanksgiving turkeys, like the birds themselves, will roost very high this year.

YORK COUNTY DEMOCRATIC BY 499 VOTES

The total vote in York county for the two leading candidates for president in the election of Tuesday was 12,511; approximately the same as four years ago when there were three principal candidates. Mr. Wilson carried the county on Tuesday by a plurality of 449 over Mr. Hughes. The difference in total vote cast was but 79, the greater number being cast this year.

A comparison of the vote in some of the principal towns in the county this year with the vote of four years ago, shows that Mr. Hughes lost this year by a smaller margin than Mr. Taft four years ago when the latter had the combined votes of Mr. Wilson and Mr. Roosevelt against him.

This year, Hughes lost to Wilson in Biddeford by a plurality of 846. In 1912, Taft lost to the combined voting forces of Wilson and Roosevelt by 1,164.

This year Hughes lost to Wilson in Kennebunk by a plurality of 9. In 1912, Taft lost to Wilson and Roosevelt by 350.

This year Hughes lost to Wilson in Taft by a plurality of 130. In 1912, Taft lost by 103.

This year Hughes lost to Sanford in Taft by a plurality of 133. In 1912, Taft lost by 655.

This year Hughes lost to Wilson in Taft by a plurality of 14. In 1912, Taft lost by 163.

Kittery is the only one of these towns, each of which always casts a good sized vote, in which Hughes lost by a greater margin than Taft.

In 1912, President Wilson polled 6,121 votes in York county; Taft, 3,560, and Roosevelt, 2,871. Wilson and Roosevelt together polled 8,992, thus giving them a lead, combined, over the Taft vote of 3,912. Mr. Hughes losing this year by only 449, indicates that practically all of the Progressive vote came back to the Republican column and the loss of the county by the Republicans cannot justly be attributed to a Progressive defection.

PRESENTATION AND SOCIAL

Odd Ladies Remember One of Their Members.

The Odd Ladies' Circle had a most enjoyable time on Wednesday afternoon when they met with Mrs. Fanny Burrell on the Ogden's Point road on the occasion of her birthday and also her eighteenth wedding anniversary. She was presented with a mission rocker by her daughter, Mrs. Harriet Moore, president of the Circle, in behalf of the thirty members present, presented her with a table cloth with napkins to match. An excellent supper followed and a fine time was had by all.

PUBLIC DONATION DAY First Annual for the Home for Aged Women on Nov. 16.

The Board of Advisors will this year start an annual public donation day—a day in which visitors will be welcome at the home from 2.30 to 5 p. m. A musical entertainment will be provided and tea served by the ladies. It is hoped many donations will be sent to the home during the day. Groceries of all kinds, vegetables, fruits or canned goods will be most acceptable. Any cash contributions will be reserved as a nucleus for the building fund for the new home.

One needs only to visit the old home to be impressed with the necessity for a new one. The capacity of the home is no longer adequate to meet the demands for admission. There is already a long waiting list. The location is undesirable, the three-story building unsafe, and the inconveniences of caring for the inmates of the upper floors are too numerous to mention.

It is true that the home is nearly self-supporting by the income from its endowment funds. Should these funds be used, however, for a new building the income would be lessened.

We invite any who are interested to visit the home on this day.

COLONIAL THEATRE.

The election may still be doubtful but there is not the slightest doubt that the present show at the Colonial is one of the best ever shown there. From the overture to "Oh Say Can You See" there isn't anything which even remotely resembles a dull moment.

It is a succession of delightful surprises in both picture and comedy departments.

Today "Liberty" will delight the fans as it did yesterday and the Colonial has added fresh laurels as exhibitor of the best picture, whether feature or serial. Keep in mind that "Liberty" will be shown every Wednesday and Thursday no matter who is elected. Also bear in mind that "Liberty" is not

a serial to be passed lightly by. It is of vital interest to every American and is compounded of one of the finest love stories together with wonderfully stirring life and adventure on the Mexican border.

Homan's Musical Tableaux, which are making an old-fashioned hit at the Colonial, are well worth the attention of the most particular theatre goer. Good clean comedies, bordering at times on the burlesque, but always saved by their humor from slipping over, these offerings of Homan's just hit you in the right spot. The songs and costumes are alike fresh and new. The chorus, like all Homan's, is a well trained aggregation of beautiful and sprightly girls.

The pictures, including "Liberty," shown for the last time today, are high class examples of today's productions.

NAVAL FLYERS TORN TO ATOMS BY OWN BOMB

Washington, Nov. 8.—Blown to atoms by their own bomb, Lieut. Luther Welsh, U. S. N., and Lieut. Clarence K. Bronson, U. S. N., fell amid the wreckage of their aeroplane 1000 feet into the Potomac river off Indian Head Proving grounds, at 2.45 this afternoon.

The inspector of ordnance at Indian Head telephoned the news of the disaster to the bureau of navigation at 6.32 this afternoon in the following words:

"Lieut. Luther Welsh and Lieut. C. K. Bronson were killed this afternoon by the premature explosion of an aeroplane bomb during experimental work in testing bombs for use against vessels. The bomb detonated immediately beneath the aeroplane. It was being launched by Lieut. Welsh and apparently struck some part of the aeroplane. It was seen to detonate and the aeroplane broke in two and fell into the river. Hardly any traces of aeroplane or passengers have been located yet. A portion of a human stomach has been recovered from the river, but that is all. This occurred about 2.15 o'clock. The experiments were being conducted by Lieut. Wilkinson, as representative of the bureau of ordnance. A search party proceeded at once to the scene of the wreck, the navy department announced, and dragged the river. Nothing has been recovered but a portion of one seat of the aeroplane and a part of the tail."

FINISH TARGET WORK

The men at the army post at Fort Stark, New Castle, have completed two days of target practice, making five hits out of twenty on Nov. 6. The work was by 6-inch breech-loading disappearing rifles and was carried out to make a study of the men who were engaged in the practice for a report called for by the department and to try out many new ideas in shooting. The targets were set at 6,300 and 7,300 yards and measured eight feet square and 8 by 12 feet.

HUGHES STILL CONFIDENT OF HIS ELECTION

Expresses Belief He Has Won to Chairman Willcox.

New York, Nov. 8.—Charles B. Hughes and his wife spent the better part of sixteen hours today in their apartments at an up-town hotel here watching the ebb and flow of the election returns.

Most of the day they were alone. Their three daughters left soon after breakfast, Miss Catherine to return to Wellesley and Miss Elizabeth to take Miss Helen back to school in Washington.

Chairman Willcox dined with the nominee and his wife tonight. As he was leaving Mr. Willcox declared that he believed Mr. Hughes had been elected, and added that the nominee shared this belief.

Mr. Hughes adhered to his determination to say nothing until the result should have been learned finally, so far as possible from the unofficial returns. During the afternoon he and Mrs. Hughes motored for two hours, and on their return Mr. Hughes took a three-hour nap.

Although Mr. Hughes appeared to be in good physical trim, members of his personal staff were heavy-eyed and showed the strain under which they had been laboring. Most of them had been without sleep since early Tuesday morning.

The Same Old Cry

Washington, D. C., Nov. 9, 3 p. m.—The Democratic charges that a widespread attempt is being made to "steal" the electoral votes of California and Minnesota, has caused the Department of Justice to order agents to all of the precincts with orders to watch out for fraud. The order was issued personally by Attorney-General Gregory which is taken to mean that it was at the request of the Democratic national committees. The agents will watch the counting in these two states.

CELEBRATED THEIR
GOLDEN WEDDINGC. W. Kennard, Native of
Eliot, and Wife Meet
Friends.

Charles William Kennard, a native of Eliot, who four years ago retired as a conductor from the Boston and Maine after a service of 52 years, celebrated on Wednesday his golden wedding anniversary with his wife in their home at 11 Arlington street, East Somerville. There was a reception and house warming, in which the couple were assisted by their children, Representative William W. Kennard, Mrs. Agnes Frost Thurston, of Somerville, and Dr. H. D. Kennard, of Scabody.

When Mr. Kennard retired four years ago he was the second oldest conductor in the company's ranks, and had been a conductor for 47 years. When he entered the service, handbills were in use. He was on the train that brought the first regiment from Maine to the front in the Civil war and also on the train that brought the first regiment out of New Hampshire. Since that time he has had charge of trains transporting Presidents and has met many notables.

On November 5, 1866, he married Lucy J. Leed in Beverly, and they went to Portsmouth, N. H., to live. Two years later they moved to Charlestown and had from there to their present home, where they have resided for 16 years. Mr. Kennard is a prominent Mason.

—Captain and Crew
Banqueted.

New London, Conn., Nov. 9.—New London citizens gave a reception and banquet to Capt. Paul Koenig and the crew of the German merchant submarine Deutschland. A gold watch, bearing the seal of the city, was presented to the captain, and his men were given silver match cases and fountain pens.

The dining room in a hotel was decorated with American and German flags. Officers of the Eastern Forwarding company and the crew of the German steamer Willehad, "mother ship" of the submarine, were also present. Mayor Rogers and other leading citizens made complimentary speeches and Captain Koenig responded briefly.

The submarine will be loaded today and it is understood she may make her dash homeward Friday afternoon. It was reported last night that the German submarine U-57 was expected at Pleasure Beach fifteen miles to the westward on Friday, but there was no confirmation.

Last Tuesday evening the boys of Mrs. Willard Locke's Sunday school class of the Second Christian church met at her home and organized. They are to be known as the Honor Class. Frank Rhodes was elected president, Leroy Fernald vice president, Franklin Burnham secretary and Paul Cournoyer treasurer. The meetings are to be held on the first and third Mondays of every month, the first meeting to be held with Paul Cournoyer.

OPERA-MINSTRELSY-FARCE

Everybody likes a minstrel show. That is why organizations of that type of the better class, play to crowded houses. And while many have tired of the commonplace offerings made by so-called minstrel managers, principally because of a sameness of program, there are others who forego attractions of that variety because of the absence of a feminine contingent, for female loveliness and charm are as essential to the opposite gender as sunlight to vegetation. That is why John W. Vogel commissioned Edwin DeCoursey to write "Japland," an original form of entertainment that embodies the better elements of opera, minstrelsy and farce comedy, the cast demanding more girls than men, the score requiring the same principals usually found in grand and comic opera, likewise the big girl chorus and dancing ponies and prouetting soubrettes that are so sorely needed in the present day musical show. Thus far "Japland" has met with phenomenal success, is classed as the season's most expensive production and will be at the Portsmouth Theatre, Monday, Nov. 13, the seat sale starting Friday at 9 a. m.

WOOD THE TAILOR

DEMOCRATS SAY THEY WILL ASK STATE RECOUNT

Legal Requirements, However, Probably Cannot Be Met and Canvass of Poll Is Unlikely.

Boston, Nov. 9.—Judge Thomas P. Riley of Malden Democratic candidate for Lieut.-Gov., stated yesterday that the Democrats will ask for recounts of votes for President in both Massachusetts and New Hampshire.

"We have reports that warrant us in feeling that there has been some 'phony' counting," he said.

Judge Riley has not much time for obtaining recount petitions. Five o'clock tomorrow is the last hour for filing such petitions with the local election officials all over the Commonwealth, and the names of fifty voters of every ward in Boston, would be necessary to obtain a complete recount of the vote of the state.

There never has been a complete recount of the vote of the state. It would be a stupendous task to get the petitions for the recount signed and filed in season.

There have been several occasions when the vote was comparatively close and there has been a demand for such a recount but the number of petitions filed has always fallen short of expectations. Away back in the early 90's in the Russell administration, there was a demand for a general recount after the Halle-Hamlin Lieut.-Governor contest, and again in the present century, when Draper defeated Whitney for Lieut.-Governor by a narrow margin, but neither demand was met.

SOMME ADVANCE MENACES TEUTON ZEPPELIN BASES

GREAT HANGARS IN BELGIUM ARE LIKELY TO BECOME USE LESS TO GERMANY

London, Nov. 8.—The great Anglo-French offensive on the Somme in northern France today has direct bearing on future Zeppelin raids on England.

This hint was given to the United Press today by a British official in a position to know.

If the Anglo-French forces on the Somme drive a wider and deeper wedge into the German line, the entire line must eventually fall back to straighten itself. This would mean that the allied aerial bases in northern France would also move forward. The natural sequence is that German military and aviation bases both in Belgium and across the Rhine, become from a strategic and military point of view, more legitimate objectives for allied air squadrons. Hitherto, allied air forces have been able to make long-distance raids, but not heavy ones.

The great Zeppelin hangars in Belgium including those now under construction and those in Germany from which the present raiding Zeppelins operate, will become practically useless to Germany.

According to expert opinion here it is not illogical to believe that these hangars and their contents, under such conditions, would be a total loss unless the Germans move them to safer places. Safer places in this instance would mean far into the interior of Germany. Thus all present calculations concerning the Zeppelin radius of action, atmospheric conditions and other scientific problems of Zeppelin raids on England would have to be made over again. Even the radius of the great super-Zeppelins would be seriously cut down and the smaller type of airship probably would become

THE DANGERS BILIOUSNESS

This trouble often seems a simple one but you know how utterly useless it makes you feel—

Well, your system is just as weak as you feel and will readily succumb to colds or any serious diseases with which you come in contact.

Why not protect yourself against these deadly risks and be 100 per cent efficient all the time. C. E. Brewster & Co., of Dover, the successful druggists, are enthusiastic over their success with that old and tried remedy, Abbey's Bilevescent Salts. It is so pleasant to take and so infallible in its results that it is rapidly adding not only to his patronage but to his reputation as a discriminating druggist who knows it to be good business to offer only the best to his patrons.

Try the new package of Abbey's, larger than ever at the same price, and see how it will brighten and strengthen you

wholly useless so far as striding England is concerned.

A recent British communiqué, detailing a raid by 50 aeroplanes carrying tons of high explosives gives a further hint of the force which the allies can put into use against Zeppelin lairs within a safe radius of a readjusted western front.

WILSON LOSES IN HOME TOWN

Hughes Carries President's Election District.

Trenton, N. J., Nov. 9.—Charles E. Hughes' lead over President Wilson in this state was 58,720, with 97 districts still missing last night. The figures were: Hughes, 262,072; Wilson, 203,362. Essex, one of the two largest counties in the state, gave Hughes a margin of 20,000, while Hudson, the other, went for Wilson by 2500.

Walter E. Edge, Republican candidate for Governor, ran ahead of the national ticket, having 232,237 votes compared with 164,571 for H. Otto Witthagen, with 97 districts missing.

With 131 precincts missing Joseph Freylinghuysen, Republican candidate for United States Senator, had 226,600 votes, while James E. Martine, the Democrat, whom he will succeed, had 157,340.

The town of Princeton, where President Wilson voted, was carried by Hughes, 526 votes to 325 for Wilson. The President lost his own election district by 37.

BEECHAM'S

Your stomach is your best friend, and the one you abuse most. Rich food, over-feeding, hurried eating all have a weakening effect on the stomach. And when your stomach gives out, indigestion, biliousness, sick headache and a long train of ills gets started, unless you know what to do, and take the right measures to stop them. Beecham's Pills offer

Quick Help for Weak Stomachs

for they quickly strengthen the digestion, tone the system, carry off the undigested food, and free the intestines of the accumulated impurities. They increase the flow of gastric juice, regulate the bile and promote the activity of the liver. Beecham's Pills do their work naturally and thoroughly, without any unpleasant after-effects. They are made of pure medicinal herbs, and contain no harmful drug. For over sixty years they have been the world-favorite household remedy for stomach ills, liver troubles and constipated bowels. Safe for man, woman or child.

SEVEN DARTMOUTH BOYS STRIVE FOR BERTH AT GUARD

Hanover, N. H., Nov. 8.—One of the prettiest races of the season, and one of the closest too, is now being run between seven men on the Dartmouth squad, and the goal desired by all is a regular berth at guard. All during the season the race has been close, first one group of men leading then another.

The trouble all started with the ineligibility of Clarence Spears to play this year, his senior year in college. With his place at guard vacant, the race began. For several weeks Barrows seemed the most logical candidate, both on account of his weight and his ability as a drop kicker. Barrows and Merrill, the veteran who played the other side of center, made a pair that looked good for all the season.

About two weeks after the games had started, Neely's showing upset all calculations and he was tried out in place of Barrows. He developed surprising speed and general form, and held his position in spite of all competition.

With Neely holding a steady position in the lineup at least, so far as the guards were concerned, seemed fixed for the season. But when Merrill strained a tendon three weeks ago, the competition was on again, and this time closer than ever. Hood, Mather and Youngstrom all were candidates and the return of "Slate" Baxter to the game brought in another strong competitor.

Baxter was light and scrappy and had a year and a half of varsity experience behind him, so Baxter and Neely became the new pair. But at that time the former had been out but a few weeks and was not in the best condition.

In the Georgetown game Youngstrom made the best showing and started the Princeton game a week later. Youngstrom is a sort of utility lineman, being able to play center, guard or tackle with equal facility. His height and strength, coupled with very good speed, made him a player of varsity calibre.

But Youngstrom became ineligible because of his scholastic standing and the race was on again. Hood and Mather both had all the weight necessary, but as the coaches decided Hood was the speedier of the two, Hood and Baxter became the logical men to share the position, with Neely still

playing the other side of center. Baxter's experience and speed give him the first call at present, but Hood is close behind him, and Mather a close third.

Now Merrill is ready to play again, and he has the peculiar task of winning back his old berth. The race is now between Merrill, Baxter, Hood, Mather and Barrows, but if Merrill's tendon will allow him to go through a hard game he will be sure to have the first call. His return to the lineup will strengthen a weak spot in the line, and his defensive strength is just what the team needs.

BOSTON LETTER

Boston, Nov. 9.—Boston inaugurated a new feature of the life of its leading business men today when the first of a series of Assembly Luncheons was held by the Boston Chamber of Commerce, in Ford Hall, from 12.30 to 2 p. m. The object of the luncheon is to impart to the members of this great commercial body new and valuable information on vital questions of the day. Tremendous interest has been shown in this new feature of business life. The topic of today's luncheon was "The Development and Protection of American Trade, Domestic and Foreign." This subject, always one of vital importance to all American business men, is now one of real concern to the nation. This subject of discussion will be continued for the two succeeding weekly luncheons. Robert E. M. Cowie, vice president and general manager of the American Express Company, opened the discussion today when a survey of the question from the point of view of transportation. The American Express Company has successfully initiated a tremendous foreign business, established agencies and offices in all corners of the globe, and Mr. Cowie is its leading spirit and is the best versed man in New England on this question. At the second luncheon scheduled for December 11, George W. Perkins will talk to the Chamber members on the industrial phase of American trade.

The Minimum Wage Commission has issued notice of a public hearing to employees engaged in the manufacture of men's clothing, raincoats, shirts, overalls, neckwear, suspenders, garters and other furnishings, with regard to the propriety of establishing a wage board to recommend minimum wages for female employees in these industries. This hearing will be held on Wednesday, Nov. 22 at 10 in the hearing room of the public service commission at No. 1, Beacon street.

There are 417 steel merchant vessels totalling 1,451,270 gross tonnage, building or under contract in private shipyards in this country on November 1, according to builders' returns to the bureau of navigation of the department of commerce. The Fore River Shipbuilding Corporation of Quincy is well in the lead of American shipbuilders as far as work on hand is concerned. The Fore River company is at present building 13 vessels with a gross tonnage of \$7,500. On June 30, Lloyd's reported 433 steel merchant vessels of 1,510,115 tons under construction in British shipyards. The American figures cover contracts on which the work has not been started, while the British returns were based on actual construction work. The delivery of machinery is so slow at the British yards that the present output from the American yards is about equal to that in Britain.

Market men differ as to the prevailing high prices of food. Some claim it is the climax before the return to normal market conditions, while others believe conditions on the shortage of reserve supplies, especially in the case of wheat. One well-known market man, however, contra-

dictated both these statements; and when compared with the supplies of wheat and flour for the past four or five years the present supply is fully up to normal and there is no accountable reason for abnormal prices. There is less flour being sent to the warring nations today from this country than a year ago.

STRATHAM

The home of Miss Bertha Stickney in Stratham was the scene of a very pleasant gathering on Friday evening last where several of her friends gathered to celebrate the occasion. Halloween games were enjoyed and the unique manner in which the hostess received her guests will long be remembered by all.

The home was tastefully decorated for the occasion and the ghosts and witches stationed about the house caused much amusement and excitement. A beautiful lunch was served by the hostess, consisting of sandwiches, doughnuts, pumpkin pie, pop corn, nuts, candy, cocoa and sweet cider. Among those present were Bernice Wiggin, Mabel Smith, Eleanor Hall, Edith Lane, Mary Emery, Florence Odell, Marion Wiggin, Florence Mansfield, Florence Gregg, Mabel deRoche, Ruth Brewster, Bertha Stickney, Lester Brewster, Ernest Wiggin, Edna Stockbridge, Harold Odell, Benjamin Gould, Bertie Caswell, Harry Brerley, Howard Scammon and Milton Conerly. Upon their departure all joined in thanking the hostess for the delightful manner in which they had been entertained.

RAILROAD CONTESTS ADAMSON 8-HOUR LAW

Omaha, Neb., Nov. 8.—The Union Pacific Railroad company filed suit in the Federal court here today to test the constitutionality of the Adamson eight-hour act. Thomas S. Allen, U. S. district attorney and four Union Pacific trainmen representing the Brotherhoods are made parties defendant.

The bill of complaint alleges that the law is unconstitutional because it is not a proper regulation of interstate commerce, because it violates the guarantees of the fifth amendment to the Federal constitution, and because it is unworkable as applied to existing conditions under which the trainmen are operating.

The bill of complaint contains copies of all the schedules under which the trainmen work.

This election should be a lesson to the man who thinks, "My vote won't count, anyway," and then stays away from the polls.

Someone was a little premature with the fire whistle last night in announcing the election of Mr. Wilson.

A TWICE-TOLD TALE

One of interest to our readers, Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Portsmouth man is confirmed after four years.

J. W. McMullen, insurance agent, 565 Maplewood Ave., Portsmouth, says: "I know that Don's Kidney Pills are good. They have been used in my own family for severe pain across the back, lameness and soreness through the loins and trouble from the kidney secretions and have been found to be just as represented in every way."

The above statement was given on June 17, 1911, and on October 21, 1916, Mr. McMullen said: "I have used Don's Kidney Pills personally and from the results I received, I recommend them highly. I have endorsed this medicine before and I again will."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Don's Kidney Pills—the same that Mr. McMullen has twice publicly recommended. Foster-McIlburn Co., Prop., Buffalo, N. Y.

WOMEN VOTE SAME AS MEN IN ILLINOIS

APPEAR TO BE DIVIDED ON SAME LINES THAT CHARACTERIZE MALE BALLOT.

Chicago, Nov. 8.—Casting a vote which may reach \$50,000, Illinois women in their first presidential election, appear to have followed the male vote closely. Women turned out in surprisingly large numbers and an estimated vote of more than 95 per cent was cast. The Cook county women's vote is estimated at 303,000, and down state at close to 500,000.

Cook county, practically complete, indicates Wilson got 143,000 women's votes and Hughes 148,000. Hughes probably will get a plurality down state from the women of close to 100,000. Socialist and Prohibition candidates received about 4 per cent of the feminine vote. Incomplete returns indicate Cook county returns from 1915 precincts out of 2400 give Hughes, men, 192,238; women, 27,553; Wilson, men, 153,241; women, 53,980.

Down-state returns from 751 out of 2973 precincts give Hughes, men, 101,397; women, 71,402; Wilson, men, 74,831; women, 52,690.

GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH

"Pape's Diapepsin" ends all stomach distress in five minutes.

Time is Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold at your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free for many months. It belongs in your home.

CHILDREN WITH MATCHES START RUBBISH FIRE**Women Help to Fight Blaze Between Buildings on Deer Street.**

There was quite a lot of excitement on Deer street on Wednesday afternoon when fire was discovered in an alley way between the store occupied by Michael Terrio and the residence of S. G. Moran. The fire was started by children playing with matches, who after setting fire to a lot of paper, rags and other contents of barrels and boxes closed the gate in a high fence separating the two buildings and ran away.

Employees of the George W. Armstrong Company, lead by Dan Zambrecht, fought the blaze while the several women of the neighborhood organized a bucket brigade and did fine work. A call was sent for the chemical engine but the volunteer fire-fighters had the flames under control before the department arrived. Some of the women had started to move their household goods out into the street.

THE HERALD HEARS

That the committee on fire department looked over four horses today which may be placed in the service at the central fire station.

That the men who made the election bets are on the nervous seat.

That the first freak bet on election was made at the depot on Wednesday night.

That it means a wheelbarrow ride for somebody.

That if Wilson wins a heavyweight telegraph operator will be in the shifts of the one wheel vehicle, pushing a yard clerk through several designated streets.

That if Hughes is president the yard clerk will give his heavyweight friend a ride over the specified route.

That it will be easy work for the operator if he loses but the clerk will have the job of his life if he has to push the lightning jerker.

That if the Democrats get good news before Saturday night they have planned a celebration.

That the soldiers are busy on the guns at the fort with target practice.

That the city election is lost for the present in the shuffle.

That the question is being asked if the fire alarm will blow again to announce the election of the next President.

That the Socialist candidate, Benson, received 82 votes in Concord.

OBITUARY

William Murphy

William Murphy of this city passed away at the Boston City Hospital Wednesday evening where he had been under treatment for the past three weeks. Deceased was 53 years of age, a son of the late Daniel and Hannah Murphy and has always made his home in this city. He learned the trade of machinist at the Portsmouth Navy Yard where he worked several years after completing his apprenticeship. At one time he conducted a grocery business on Water street.

He was well liked by his friends and acquaintances who will learn with much sorrow of his death. He is survived by one brother, Dennis A. former police officer of this city, two sisters, Mrs. Thomas Mahoney of Dorchester and Mrs. Michael J. Ryan of

Allston. His funeral will take place from the Church of the Immaculate Conception Friday morning.

The Herald was commended in all sections on Wednesday evening for the accuracy of its election news. The Herald presents the election news without color.

Hon. Calvin Page is being congratulated upon his victory and Mr. Cater upon the large vote. Had the Progressive candidate been out, Carter's friends claim he would have won.

In the crowded columns of The Herald Wednesday much valuable news had to make way for the political news. The Herald always has, and intends to print both sides to all questions, hence the large volume of political news.

INJURED ON STREET**Auto Crashes Into Man on a Bicycle.**

Job Cleary of 47 Elwyn avenue, a janitor at the New Hampshire National bank, was badly injured on Wednesday at the corner of Gates and Marcy street. While passing along at this point on a bicycle, he was struck by an auto delivery and thrown heavily to the ground. He sustained a fracture of two ribs. He also sustained other minor injuries and his bike was also wrecked.

GIRLS' CLUB NOTES

The Girls' club held their first dance of the season in Peirce hall on Wednesday evening. It was a very pretty party and well attended. Miss Teresa Brooks and Harold Shaw furnished the music and dancing was enjoyed until 12 o'clock. The party was under the chaperonage of Dr. Boger and Miss Edith Brewster.

HIS FIRST VISIT IN 36 YEARS**Andrew Wilson of Detroit Looks Over the Scenes of His Boyhood.**

After 36 years, Andrew Wilson of Detroit comes back to Portsmouth for the first visit to his native place since he took up railroad life in the west at the age of 22. Mr. Wilson was born on Wendell street and today visited the scene of his boyhood days where he was much amazed at the changes in that section of the city. He is a prominent member of the Brotherhood of Locomotive Engineers and has been employed for many years as engineer on the Grand Trunk railway. While in Portsmouth he is the guest of his sister, Mrs. Arthur Hersey, of Hanover street. Today he visited Newburyport looking up another member of his family, whom he has not seen since leaving Portsmouth.
